

## INDEX

# INDEX TO VOLUME XIV.

### GENERAL INDEX

#### A

- Abdomen, acute; symptomatology and pathology, W. H. Irvine 29.  
" liver and lung, recovery from bullet wound of, S. H. Corrigan 628.  
" statistical report concerning the value of the study of the blood chemistry in the acute, I. M. Rabinowitch 1057.
- Abdominal disease, acute, interpretation of symptoms in, A. Primrose 826.  
" " renal and splenic lesions as factors in upper, R. R. Graham 20.  
" lesions, symposium on differential diagnosis of, E. Archibald 16.  
" operations, anaesthesia in acute, W. Bourne 835.  
" surgery, some aspects of post-operative treatment in gynaecological and, J. McK. Bell 803.
- Abortion, treatment of, H. C. Burgess 701.
- Abscess of the lung (abs.) 439.  
" non-spinal psoas (abs.) 167.  
" pulmonary, etiology and treatment of non-tuberculous (abs.) 646.
- Abscesses, treatment of chronic bone, by simple evacuation through a small drill hole; its application in non-sterile abscesses (abs.) 168.
- Acetylene and ethylene, two new anaesthetics (abs.) 261.
- Acid milk mixtures in infant feeding, use of, R. R. Struthers 713.
- Acne vulgaris, treatment of (abs.) 346.
- Addison's disease treated with benefit by a suprarenal transplant, M. Currie 626.
- Address, in abstract, on the psychoneuroses, N. J. Simons 195.  
" before the Canadian Tuberculosis Association, C. D. Parfitt 573.  
" on clinical and laboratory methods of diagnosis, J. Halpenny 671.  
" on obstetrics during the past twenty-five years, H. M. Little 903.  
" at the opening of the Woman's Clinic, Johns Hopkins Hospital, Baltimore, W. W. Chipman 192.  
" on the prompt diagnosis of pulmonary tuberculosis, C. D. Parfitt 1046.  
" on some effects of temperature on the blood and circulation, J. Meakins 469.  
" some thoughts new and old on arteriosclerosis, A. G. Nicholls 1041.  
" on surgeon and student, O. Klotz 280.  
" on the use of immune sera, H. B. Cushing 477.
- Adrenalin, intracardiac, in asphyxia neonatorum, W. F. Abbott 706.  
" intracardiac injection of, in a case of shock from artificial pneumothorax (abs.) 1240.  
" two cases of restoration of the heart's action, one temporary and the other permanent, by means of the intracardiac injection of (abs.) 649.
- Agglutinin powders, preparation of dry antitoxin and (abs.) 537.
- Alastrim in Antigua, B. W. L. H. W. Hill 44.
- Alcohol and the duration of life (edit.) 873.  
" on the vitality of the race, influence of (edit.) 528.
- Alcoholic intoxication in automobile drivers (edit.) 326.
- Alkali, the action of, with regard to the setting free of tetanic symptoms in healthy grown up individuals (abs.) 536.
- Ammonia of the urine (edit.) 747.
- Anaemia in a child, idiopathic aplastic (case report) H. Agnew 859.  
" dehydration, A. H. MacCordick 416.  
" in infancy and childhood, studies of (edit.) 1115.  
" pernicious, in the Johns Hopkins Hospital from 1918 to 1922 inclusive, analysis of the clinical histories of patients with (abs.) 758.
- Anaemias of childhood, germanium dioxide for (abs.) 647.  
" concerning the definition and classification of, T. R. Waugh 11.
- Anaesthesia in acute abdominal operations, W. Bourne 835.  
" and analgesia in surgery, synergistic (abs.) 445.  
" in breast operations, H. J. Shields 929.  
ethylene (abs.) 444.  
ethylene, clinical experience with (abs.) 1127.  
ethylene-oxygen, in obstetrics and gynaecology (abs.) 887.  
" " potential dangers attendant on (abs.) 888.  
intravenous, in obstetrics and surgery, a new method of (abs.) 988.  
at the Mayo Clinic (abs.) 1126.  
in obstetrics, W. Bourne 702.  
rectal, in children (abs.) 650.  
sacral (epidural) (abs.) 346.  
spinal (abs.) 650.  
with stovaine, retention of urine of fourteen days' duration following spinal (abs.) 346.  
in thoracic surgery (abs.) 74.  
two cases of direct injection into the heart for arrest of heart beat during (abs.) 1241.  
" value of the reflex basis in the interpretation of phenomena during general (abs.) 260.
- Anaesthetic, a new gas, physiological effects of ethylene (abs.) 888.
- Anaesthetics, classification of deaths under, as violent and unnatural (abs.) 74.  
" fatalities from (abs.) 347.
- Anaphylaxis (abs.) 644.
- Anatomical points relative to infections of the hand, I. M. Thompson 683.  
" schools and surgical clinics of Europe in 1887, notes of a visit to some, F. J. Shepherd 59, 154.

- Anatomical types and their relationship to disease, an address on, I. M. Thompson 1155.
- Aneurism of the arch of the aorta (case report), C. A. Peters 856.  
 " referred pain in, A. McPhedran 100.  
 " varicose, right axillary vessels (case report), H. S. Dolan 965.
- Angina pectoris, mechanism of (abs.) 1119.  
 " " prognosis in (edit.) 245.  
 " " surgical treatment of (abs.) 1238.  
 " " surgical treatment of (edit.) 1230.
- Anhydramia in young infants (edit.) 1114.
- Anions, concerning the action of the, particularly the phosphate-ion on the electric excitability (abs.) 536.
- Ankylosed joints, mobilization of (abs.) 345.
- Anthrax and its treatment (abs.) 168.
- Anti-pneumococcus serum, prophylaxis against post-operative pulmonary lesions by the use of (abs.) 1236.
- Antitoxin and agglutinin powders, preparation of dry (abs.) 537.
- Aorta, aneurism of the arch of (case report), C. A. Peters 856.
- Apoplexy of the thyroid gland (abs.) 66.
- Appendicitis, case of tertian malarial fever following an operation for (case report), S. H. Corrigan 1204.  
 " some clinical aspects of unsuspected hypotoxic, E. St. Jacques 831.  
 " rupture of the right rectus simulating (case report), R. L. Harris 739.  
 " some notes on the operation for, E. H. Wood 487.
- Arsphenamin, clinical aspects of the cutaneous reactions after, (abs.) 541.
- Arteriosclerosis, address on some thoughts new and old, A. G. Nicholls 1041.  
 " vs. hypertension (abs.) 536.
- Arterio-sclerotic disease, essential signs of (abs.) 986.
- Arthritis, chronic infective, A. MacK. Forbes 1192.  
 " clinical lecture on chronic, J. A. Nutter 90.  
 " simulating acute rheumatic fever complicating pneumonia (case report), H. S. Whiting 317.
- Arthrodesing operation on the feet (abs.) 259.
- Arthroplasty (abs.) 71, 72.
- Asphyxia neonatorum, intracardiac adrenalin in, W. F. Abbott 706.
- Asphyxiation, carbon monoxide, from motor exhaust (edit.) 251.
- B**
- Bacillus acidophilus, clinical results obtained with (abs.) 341.  
 " subacute bacterial endocarditis due to a hemolytic hemophilic (abs.) 162.
- Bacteria, are bacteria animals or plants? (edit.) 748.
- Bacteriology of the normal and inflamed conjunctiva with special reference to the presence of the streptococcus and pneumoococcus, S. H. McKee 216.  
 " pulmonary infections, N. M. Harris 854.  
 " scarlet fever, G. H. Eagles 1080.  
 " ureteral cultures, preliminary report on the, D. W. MacKenzie and W. J. Cochrane 293.
- Banting research foundation (corres.) 335.
- Bayer 205, a new remedy (edit.) 249.
- Bee stings, severe toxæmia following (case report), H. Mackay 1106.
- Bilirubin, on the origin of (edit.) 1117.
- Bipartite patella (abs.) 761.
- Blood, acid base balance of (ewit.) 426.  
 " chemistry in the acute abdomen, statistical report concerning the value of the study of, I. M. Rabinowitch 1057.
- Blood and circulation, address on some effects of temperature on the, J. Meakins 469.  
 " concentration in the new-born with fever, effect of fluid on the temperature and (abs.) 989.  
 " diseases, primary, rôle of the bone marrow in, A. G. Nicholls 841.  
 " grouping, human; review of its present position and applications (abs.) 645.  
 " of man, chemical changes in the, after acute intestinal obstruction (abs.) 73.  
 " transfusion, factors frequently overlooked, G. H. Agnew 388.
- Bone abscesses, treatment of chronic, by simple evacuation through a small drill hole; its application in non-sterile abscesses (abs.) 168.  
 " marrow in primary blood diseases, A. G. Nicholls 841.  
 " metastatic tumours of (abs.) 172.
- Book reviews—See page xii.
- Boracic acid, acute poisoning (fatal) (case report), A. T. Bazin 419.
- Brachial paralysis, obstetric, treatment of (abs.) 441.
- Brain abscess with pathological observations (abs.) 343.  
 " cystericereus of taenia solium in (case report), F. W. Luney 143.
- Breast cancer, some points in treatment of, F. Etherington 917.  
 " clinical diagnosis of carcinoma of (abs.) 440.  
 " lesions, some aspects of the pathology of chronic, R. R. Graham 921.  
 " massive sarcoma of (abs.) 170.  
 " operations, anaesthesia in, H. J. Shields 929.  
 " surgical treatment of chronic lesions of the, A. T. Bazin 918.
- Bromide eruption due to bromo-seltzer (abs.) 648.
- Bronchi, foreign bodies in (case report), J. G. Strachan 968.
- Bronchiectasis, surgical treatment of, E. Archibald 197.  
 " " " " (corres.) 334.
- Bronchitis, discussion on chronic (med. soc.) 543.
- Broncho-pneumonia, tuberculous, adult type of tuberculosis in childhood, complicated by (case report), F. H. Pratten 143.
- Bronchoscopy (edit.) 241.
- Burns, toxæmia of severe superficial (edit.) 250.
- C**
- Cæco-colo-plico-pexy, operation of, Sir Henry M. W. Gray 290.
- Caesarean operation, my experience with the, H. H. McNally 118.  
 " section, extra-peritoneal, (gastro-elytomy) in presumably infected and mismanaged cases of prolonged labour (abs.) 761.
- Calcium chloride in arterial hypertension, use of, W. L. T. Addison 1059.  
 " treatment of oedema (abs.) 759.
- Canadian Medical Association—See page xiii.
- Cancer, breast, some points in treatment of, F. Etherington 917.  
 " campaign, British Empire (edit.) 329.  
 " of the cervix, relative values of irradiation and radical hysterectomy for (abs.) 885.  
 " influence of radiation therapy on the study of (abs.) 342.  
 " recent researches on (edit.) 146.  
 " of the stomach, diagnosis of (edit.) 874.  
 " vitamins, endocrines and (edit.) 871.
- Capillaries, recent work on (retrosp.) H. E. MacDermot 1212.
- Capillary pulsation (edit.) 525.
- Carbon dioxide content of the blood, relation between the width of the pupil and the, W. Bourne 411.

## INDEX

v

- Carbon monoxide hazard in public garages (abs.) 1235.  
 Carbuncle and its treatment by magnesium sulphate (abs.) 761, 987.  
 Carcinoma of the breast, clinical diagnosis of (abs.) 440.  
     " " " colon (abs.) 442.  
     " " " uterus (abs.) 992.  
 Cardiac disease, problem of (edit.) 148.  
     " dyspnoea, effect of opium in (edit.) 330.  
     " dyspnoea, problem of (edit.) 148.  
     " massage (abs.) 651.  
     " nutrition, factors actual and possible in (abs.) 760.  
     " pain (edit.) 250.  
 Cardiorrhypnia in acute injuries (abs.) 169.  
 Cartilage-cranioplasty, operation of, A. R. Munroe 47.  
 Chemotherapy (edit.) 975.  
 Chest, observations on some of the commoner septic conditions of, W. L. Mann 593.  
     " x-ray technique in examination of, G. E. Richards 1077.  
 Child guidance clinics, G. S. Mundie 508.  
     " idiopathic aplastic anaemia in a (case report), H. Agnew 859.  
 Childhood, adult type of tuberculosis in, complicated by tuberculous broncho-pneumonia (case report), F. H. Pratten 143.  
     " chronic ulcerative colitis in (abs.) 68.  
     " contagious diseases of (edit.) 747.  
     " germanium dioxide for anaemias of (abs.) 647.  
 Children, disorders following acute epidemic encephalitis in (abs.) 990.  
     " impetigo contagiosa in (abs.) 647.  
     " nephritis in (abs.) 1119.  
     " prognosis of the sequelae of epidemic encephalitis in (abs.) 989.  
     " pyelitis in, G. Chown 115.  
     " result of tonsillectomy on the health of (edit.) 745.  
     " types of organism in a series of tuberculous (abs.) 164.  
 Chloride retention and Roentgen-ray sickness, A. T. Cameron and J. C. McMillan 679.  
 Chlorine therapeutics (edit.) 428.  
 Chloroform, action of, on the heart (abs.) 444.  
     " in Nova Scotia, early adventures with 254.  
 Cisternal (intra) injections in the treatment of luetic optic atrophy (abs.) 437.  
 Clavicle, fracture of, the acromion process and surgical neck of the scapula (case report), A. Groves 318.  
 Clinical medicine, physiology and, J. J. R. Macleod 2.  
 Cod liver oil, vitamin A and its variations in, J. Deas 959.  
 Colitis, chronic ulcerative, in childhood (abs.) 68.  
     " primary ulcerative, P. H. T. Thorlakson 1168.  
 Collosol manganese, treatment of urticaria with (abs.) 75.  
 Colon, carcinoma of (abs.) 442.  
     " discussion on the treatment of obstruction of (abs.) 441.  
         the effects of stagnation in the ascending, Sir Henry M. W. Gray 93.  
 Commercialism in the profession (edit.) 876.  
 Complications of scarlet fever, ear, nose and throat, J. G. Strachan 1089.  
 Conjunctiva, inflamed, study of the bacteriology of the normal and, with special reference to the presence of the streptococcus and pneumococcus, S. H. McKee 216.  
 Contagious diseases of childhood (edit.) 747.  
 Contusion of the hip (abs.) 168.  
 Convulsions in four children whose father suffered from lead poisoning, fatal (abs.) 647.  
 Cord, some recent advances in the diagnosis of compression of the (retrosp.) F. H. Mackay 972.  
 Coronary arterial occlusion, a perfectly definite symptom-complex (abs.) 985.  
 Correspondence—See page xiii.  
 Coryza, inoculation with secretions from (abs.) 538.  
 Cousins, intermarriage of (edit.) 878.  
 Cows' milk, erysipelas successfully cured by subcutaneous injections of, T. A. Lebster 1179.  
     " " the value of condensed, in the tropics (edit.) 751.  
 Crime and its punishment (edit.) 872.  
 Crime and punishment 977.  
 Cutaneous reactions after arsphenamin, clinical aspects of the (abs.) 541.  
 Cyclical vomiting (abs.) 339.  
 Cystocele, end results of a new uterine shelf operation for the relief of (abs.) 992.

## D

- Death rate, causes of declining tuberculosis (edit.) 149.  
 Deaths, classification of, under anaesthetics as violent and unnatural (abs.) 74.  
 Dementia praecox, case of early (case report), B. Silverman 970.  
     " " the physiological level in (abs.) 70.  
 Dental structures, influence of diet on the development of (edit.) 979.  
 Dermatitis venenata from the lacquer on the boxes of mah jong sets (abs.) 256.  
 Dermatosis, fur, causes of (abs.) 763.  
 Diabetes a century ago (men and books) 432.  
     " in children, insulin treatment in, G. L. Boyd 33.  
     " death rate from (edit.) 429.  
     " mellitus complicated by infection, fatal case of, E. S. Mills 732.  
     " " incidence of, in disease of the gall-bladder and its passages (biometrical study), I. M. Rabinowitch 296.  
     " " treatment of, E. P. Joslin 808.  
     " metabolism in (edit.) 423.  
     " practical application of insulin in, F. Hipwell 120.  
     " problems in the metabolism of, A. B. Macalum 363.  
 Diabetic organism, a formula for expressing balance in the, R. E. Coleman 31.  
     " patient, dietetics in the treatment of, W. R. Campbell 944.  
 Diagnosis, case for (case report) L. M. Murray 1105.  
     " clinical and laboratory methods of, J. Halpenny 671.  
 Diet, importance of the mineral elements in (edit.) 1220.  
     " influence of, on the development of the dental structures (edit.) 979.  
 Dietetics in the treatment of the diabetic patient, W. R. Campbell 944.  
 Digitalis, clinical studies of (abs.) 339.  
     " combined use of quinidine and, in chronic auricular fibrillation and flutter, K. Gordon 203.  
 Diphtheria, antitoxin in, a comparative study of the usual methods of administration with the intraperitoneal method (abs.) 163.  
     " of the big toe (abs.) 75.  
     " myocardial lesions of (abs.) 1120.  
     " recent advances in the control of, R. H. Mullin 398.  
 Disorders, affective, following acute epidemic encephalitis in children (abs.) 990.  
 Dreyer's tuberculo-antigen, preliminary report upon the clinical and experimental use of, A. H. W. Caulfield 616.  
 Drugs, dangerous (edit.) 329.  
 Duodenal fistula, treatment of (abs.) 258.  
 Dysmenorrhoea (edit.) 1218.

- Dysmenorrhoea as a result of disturbance of function of the endocrine glands, A. Bercovitch 307.  
 " treatment of (edit.) 330.
- E**
- Ectopic gestation, time for operation in (abs.) 436.  
 Editorials—See page xiii.  
 Electrocardiograph in prognosis, value of the (abs.) 67.  
 Electro-therapeutics, section of; Royal Society of Medicine (med. soc.) 652.  
 Embolism, thrombosis and, W. D. Barrett 129.  
 Empyema, A. J. Grant 938.  
 " acute and chronic, A. L. Lockwood 941.  
 " operation for acute, on physiological lines (abs.) 344.  
 " of the pleural cavity (abs.) 170.  
 " principles involved in the treatment of acute and chronic (abs.) 646.  
 " suction drainage in acute, K. D. Panton 107.  
 Encephalitis in children, affective disorders following acute epidemic (abs.) 990.  
 " " " prognosis of the sequelae of epidemic (abs.) 989.  
 " epidemic, (encephalitis lethargica) (edit.) 870.  
 " streptococci in epidemic (abs.) 537.  
 Endemic goitre, W. D. Keith 284.  
 Endocarditis, hitherto undescribed form of valvular and mural (abs.) 882.  
 " review of the recent literature on subacute bacterial (retrospect.) L. C. Montgomery 631.  
 " subacute bacterial, due to a haemolytic haemophilic bacillus (abs.) 162.  
 Endocrine glands, dysmenorrhoea as a result of disturbance of function of the, A. Bercovitch 307.  
 Endocrines, vitamins, and cancer (edit.) 871.  
 Endocrinology, some recent advances in, J. B. Collip 812.  
 " use and abuse of, H. A. Christian 102.  
 Endometrium, hyperplasia of the (abs.) 1238.  
 Endothermy, destruction and removal of accessible neoplastic diseases by, G. A. Wyeth 1183.  
 Enuresis, A. B. Chandler 413.  
 Erysipelas successfully cured by subcutaneous injections of cows' milk, T. A. Lebbetter 1179.  
 Erythro-melalgia (case report) J. I. Ferguson 144.  
 Ethylene and acetylene, two new anaesthetics (abs.) 261.  
 Ethylene anaesthesia (abs.) 444.  
 " " clinical experiences with (abs.) 1127.  
 " a new gas anaesthetic, physiological effects of (abs.) 888.  
 " oxygen anaesthesia in obstetrics and gynaecology (abs.) 887.  
 " " " potential dangers attendant on (abs.) 888.
- F**
- Fatalities from anaesthesia (abs.) 347.  
 Fatigue, etiology of (edit.) 1229.  
 Fatty enlargement of the liver in infants, acute (abs.) 541.  
 Feeding of infants, fixed principles in the, F. M. Fry 503.  
 Feet, arthrodesing operations on the (abs.) 259.  
 Fever, causation and significance of (edit.) 743.  
 " rat bite (case report), H. L. Reddy 741.  
 Fibrillation and flutter, chronic auricular, combined use of quinidine and digitalis in, K. Gordon 203.  
 Fibro-sarcoma of tongue (abs.) 170.  
 Fits, uncinate (case report), F. H. MacKay 233.
- Foot and mouth disease, discovery of the origin of (edit.) 746.  
 Foreign bodies in larynx with absence of cough reflex (abs.) 539.  
 " " " the stomach (case report), W. H. Wardell 1105.  
 Fracture of the clavicle, acromion process and surgical neck of the scapula (case report), A. Groves 318.  
 Fractures, compound, G. E. Wilson 1164.  
 " of the leg, remarks on the treatment of, H. P. H. Galloway 383.  
 Fungi in diseases of the skin, study of, H. A. Dixon 1097.  
 Fur dermatosis, causes of (abs.) 763.
- G**
- Galactorrhoea, case of, A. T. Cameron, H. J. Ferrier and P. H. T. Thorlakson 498.  
 Gall bladder and its passages, incidence of diabetes mellitus in diseases of the, (biometrical study), I. M. Rabinowitch 296.  
 " " roentgenologic examination of the (abs.) 539.  
 " " visualization of, by the sodium salt of tetrabrom-phenolphthalein (abs.) 884.  
 Gastro-intestinal symptoms and epigastric hernia (abs.) 1238.  
 Germanium dioxide for anaemias of childhood (abs.) 647.  
 Germicides for use upon the skin (abs.) 1124.  
 Gestation, ectopic, time for operation in (abs.) 436.  
 Gland, thyroid, apoplexy of the (abs.) 66.  
 Glycosuria in pregnancy, I. M. Rabinowitch 296.  
 " renal, in an infant twenty months of age, A. Goldblom 950.  
 Goitre, endemic, W. D. Keith 284.  
 " exophthalmic, effect of iodine in (abs.) 1234.  
 " " use of Lugol's solution in the treatment of, E. H. Mason 219.  
 " prevention of (corres.) 434.  
 " treatment of exophthalmic, G. S. Fahrni 133.  
 " use and abuse of iodine in the treatment of, D. Graham 821.  
 Graft, small deep (abs.) 885.  
 Guanidines and tetany, the parathyroids (edit.) 976.  
 Gynaecological and abdominal surgery, some aspects of post-operative treatment in, F. McK. Bell 803.  
 " procedures on the future childbearing of woman, effect of popular, J. O. Polak 797.
- H**
- Haematuria, Sir John Thomson Walker 909.  
 " its significance, D. W. MacKenzie 41.  
 Haemorrhage, cerebral, in the new-born, L. P. MacHaffie 1173.  
 " hydrocephalus complicating intracranial, in a new-born infant (case report), S. G. Ross 519.  
 Haemorrhages, causation of intracranial, in the new-born (abs.) 164.  
 " meningeal, in the new-born and their consequences (abs.) 540.  
 Haemorrhoids, treatment of, by interstitial injections (abs.) 173.  
 Haemotoxins of intestinal parasites (abs.) 538.  
 Hallux valgus, treatment of, by oblique dorsoplantar osteotomy (abs.) 169.  
 Hand, anatomical points relative to infections of the, I. M. Thompson 683.  
 " injuries, conservation in treatment of, T. G. Hamilton 686.  
 " treatment of acute primary infection of the (abs.) 171.

## INDEX

vii

- Heart, action of chloroform on (abs.) 444.  
 " " relation of disordered, to the development of tuberculosis, A. T. Bond 613.  
 " address on the diagnosis of a healthy, J. Parkinson 779.  
 " disease, prevention of (edit.) 250.  
 " complications in scarlet fever, R. A. Jamieson 1087.  
 " failure during spinal anaesthesia. Resuscitation by means of the direct injection of adrenalin into the heart (abs.) 888.  
 " resuscitation by direct massage of the, in cardiac arrest (abs.) 1240.  
 " sounds, amplified for auditorium demonstration, G. A. Ramsay and C. Poulter 418.  
 " systematic examination of the (abs.) 75.  
 " two cases of direct injection into the, for arrest of heart beat during anaesthesia (abs.) 1241.
- Heart's action, two cases of restoration of, one temporary and the other permanent, by means of the intracardiac injections of adrenalin (abs.) 649.
- Henoeh's purpura, D. Kilgour 302.
- Hernia, gastro-intestinal, and epigastric symptoms (abs.) 1238.  
 " operations, jack-knife position after (abs.) 1123.  
 " recurrence of inguinal, after operative treatment (abs.) 70.  
 " reduction *en masse* of a strangulated inguinal (case report), A. Stewart 255.  
 " strangulated, dangers of taxis in (abs.) 1124.
- Hernial tuberculosis (abs.) 1124.
- Herniotomy utilizing only white fascia, method of (abs.) 1122.
- Herpes labialis, etiology and treatment of herpetic stomatitis and (abs.) 165.
- Hexamine as an antiseptic in systemic infections, the value of (edit.) 1231.
- Hip, confusion of the (abs.) 168.  
 " socket, flattened, and its sequelae (abs.) 260.
- Hippocratic fingers (abs.) 538.
- Holiday, post, lassitude (edit.) 247.

ix

## O

- Obesity, treatment of, E. H. Mason 1052.  
 Obituary—See page xv.  
 Obstetrics, anaesthesia in, W. Bourne 702.  
 " during the past twenty-five years, H. M. Little 903.  
 " a few remarks on prophylaxis in, L. Arthur 701.  
 " and gynaecology, ethylene-oxygen anaesthesia in (abs.) 887.  
 " prophylaxis in, with special reference to the value and importance of pre-natal care, J. N. Nathanson 494.  
 " some conclusions after a symposium in, W. W. Chipman 704.  
 Obstruction of the colon, discussion on the treatment of (abs.) 441.  
 Ocular injuries, industrial D. M. Campbell and J. M. Carter 1195.  
 Oedema, calcium treatment of (abs.) 759.  
 Opium in cardiac dyspnoea, effect of (edit.) 330.  
 Optic atrophy, luetic, intra-cisternal injections in the treatment of (abs.) 437.  
 Osteotomy, treatment of hallux valgus by oblique dorso-plantar (abs.) 169.  
 Otitis-media, chronic suppurative, with a fistula of the external semi-circular canal (case report), A. A. Campbell 856.  
 " " purulenta chronica, some indications for the radical mastoid operation in, H. H. Burnham 367.  
 Oxygen, therapeutic use of (edit.) 246.

## P

- Paget's disease of the nipple (abs.) 258.  
 Pain, referred, in aneurism, A. McPhedran 100.  
 Pancreas, under use of insulin, regeneration of cells of (edit.) 746.  
 Pancreatitis, acute (abs.) 987.  
 Paper, how to prepare and to deliver a, to a medical society, E. S. Moorhead 1202.  
 Papilloma of the sigmoid (case report), W. J. Cochran 1206.  
 Paraffinoma of the vas deferens (abs.) 1123.  
 Paralysis, treatment of general by malaria (edit.) 322.  
 Parasites, haemotoxins of intestinal (abs.) 538.  
 Parathyroids, guanidines and tetany (edit.) 976.  
 Paresis, general (abs.) 165.  
 " " the practitioner and the diagnosis of (abs.) 990.  
 Parotid calculi, W. H. Irvine 392.  
 Pathology of chronic breast lesions, some aspects of, R. R. Graham 921.  
 " comparative (edit.) 752  
 Pellagra, conquest of (edit.) 430.  
 Peptic ulcer, remarks on treatment of chronic, J. D. McEachern 1187.  
 Perineum, parturient, its management, G. C. Melhado 1095.  
 Peritoneal and pleural sacs, tuberculosis of the, treated by Alpine lamp (case report), C. A. Peters 1210.  
 Peritonitis, pneumococcal, R. R. Struthers 955.  
 Pertussis, study of three hundred cases of, in a hospital (abs.) 341.  
 " x-ray treatment of, R. R. Struthers 141.  
 Pharmacopoeia, United States, a new revision of the (edit.) 1114.  
 Phenolphthalein eruption (abs.) 993.  
 Phenoltetrachlorphthalein as a test of liver function, the use of, O. C. Trainor 511.  
 Phthisis, direct transfusion for acute, following the puerperium (case report), A. J. Prentice 50.  
 Physiology and clinical medicine, J. J. R. Macleod 2.  
 Physiological standardization and its limitations (edit.) 151.

- Pieric acid poisoning (case report), W. Bapty 1207.  
 Pigmentation of the skin (abs.) 1126.  
 Placenta, retained; expectant treatment successful (corres.) 65.  
 Plague bacillus, method of transmission of the, to man (edit.) 752.  
 " history of (men and books) 880.  
 " pneumonic (edit.) 1220.  
 Pleurisy in relation to life insurance (abs.) 758.  
 Pleurodynia, epidemic diaphragmatic, "Devil's Grip" (edit.) 1112.  
 Pneumocoecal peritonitis, R. R. Struthers 955.  
 Pneumococcus infections of the respiratory tract, treatment of acute (abs.) 338.  
 Pneumonia in children, intravenous use of mercurochrome-220 soluble in the treatment of (abs.) 1236.  
 " secondary; some therapeutic considerations, G. A. Campbell 1092.  
 Pneumonic plague (edit.) 1220.  
 Pneumothorax, intracardiac injection of adrenalin in a case of shock from artificial (abs.) 1240.  
 Poisoning, ivy (abs.) 887.  
 Pregnancy, glycosuria in, I. M. Rabinowitch 375.  
 " toxæmia of (hepatic type) (case report), J. B. Mann 143.  
 " management of toxæmia in the later months of, J. D. McQueen 371.  
 Pre-natal care, prophylaxis in obstetrics with special reference to the value and importance of, J. N. Nathanson 494.  
 Prognosis, value of the electrocardiograph in (abs.) 67.  
 Prophylaxis in obstetrics, a few remarks on, L. Arthur 701.

## AUTHORS' INDEX

- Abbott, W. F.: Intracardiac adrenalin in asphyxia neonatorum 706.
- Adams, F.: Epidemic of virulent smallpox in Windsor and the vicinity 692.
- Adamson, J. D.: Over-diagnosis of pulmonary tuberculosis 610.
- Addison, W. L. T.: Use of calcium chloride in arterial hypertension 1059.
- Agnew, G. H.: Blood transfusion, factors frequently overlooked 388. Idiopathic aplastic anaemia in a child (case report) 859.
- Andrus, P. M.: Technique and results of a concentration method of sputum examination 581.
- Archibald, E. W.: Symposium on differential diagnosis of abdominal lesions 16. The surgical treatment of bronchiectasis 197. Thoracic surgery (retros.) 237.
- Arthur, L.: Few remarks on prophylaxis in obstetrics 697.
- Baker, A. H.: Complications met in sanatorium practice 619.
- Bapty, W.: Pierie acid poisoning (case report) 1207.
- Barrett, W. D.: Thrombosis and embolism 129.
- Bazin, A. T.: Acute boracic acid poisoning (fatal) (case report) 419. Surgical treatment of chronic lesions of the breast 918.
- Bell, F. McK.: Post-operative treatment in gynaecologic and abdominal surgery 803.
- Bell, I. R.: On hyperthyroidism 299.
- Bercovitch, A.: Dysmenorrhoea as a result of disturbances of function of the endocrine glands 307.
- Bertwhistle, A. P.: Silhouette radiograph as an aid to clinical diagnosis 731. Small ulcers of the tongue 1101.
- Blakeman, F. W.: Syphilis of the lung 606.
- Bond, A. T.: Relation of disordered heart action to the development of tuberculosis 613.
- Bourne, W.: Relation between the width of the pupil and the carbon dioxide content of the blood 411. Anaesthesia in obstetrics 702. Anaesthesia in acute abdominal operations 835.
- Boyd, G. L.: Insulin treatment in diabetes in children 33.
- Burgess, H. C.: Treatment of abortion 701.
- Burgess, J. F.: Unusual case of ringworm in an adult (case report) 1209.
- Burnham, H. H.: Some indications for the radical mastoid operations in otitis media purulenta chronica 367.
- Byers, J. R.: An improved method of lung percussion 580.
- Cadham, F. T.: *vide* Campbell, W. G.
- Cameron, A. T.: Standardization and value of thyroid preparations 407. —Ferrier, H. J. and Thorlakson, P. H. T.: Case of galactorrhoea 498. —and McMillan, J. C.: Roentgen-ray sickness and chloride retention 679.
- Campbell, A. A.: Chronic suppurative otitis-media with a fistula of the external semi-circular canal (case report) 856.
- Campbell, D. M. and Carter, J. M.: Industrial ocular injuries 1195.
- Campbell, G. A.: Secondary pneumonia; some therapeutic considerations 1092.
- Campbell, W. G. and Cadham, F. T.: Intravenous use of mercurochrome in an infant aged three weeks (case report) 858.
- Campbell, W. R.: Dietetics in the treatment of the diabetic patient 944.
- Carter, L. J.: Intestinal bands and intestinal adhesions, differential diagnosis and treatment; a plea for more accurate nomenclature 212.
- Carter, J. M.: *vide* Campbell, D. M.
- Caulfeild A. H. W.: Preliminary report upon the clinical and experimental use of Dreyer's tuberculo-antigen 616.
- Chandler, A. B.: Enuresis 413.
- Chipman, W. W.: An address at the opening of the woman's clinic, Johns Hopkins Hospital, Baltimore 192. Some conclusions after a symposium in obstetrics 704.
- Chown, G.: Pyelitis in children 115. Cutaneous myiasis in an infant Wohlfahrtia vigil (Walker) infection (case report) 967.
- Christian, H. A.: The use and abuse of endocrinology 102.
- Cochrane, W. J.: Papilloma of the sigmoid (case report). *vide* MacKenzie, D. W. 1206.
- Coleman, R. E.: Formula for expressing balance in the diabetic organism 31.
- Collip, J. B.: Some recent advances in endocrinology 812.
- Corrigan, S. H.: Bullet wound of abdomen, liver and lung; recovery (case report) 628. Tertian malarial fever following an operation for appendicitis (case report) 1204.
- Currie, M.: Addison's disease treated with benefit by a suprarenal transplant (case report) 626.
- Cushing, H. B.: Etiology of scarlet fever (retros.) 421. An address on the use of immune sera 477.
- Deas, J.: Vitamin A and its variations in cod liver oil 959.
- Desbrisay, H. A.: *vide* Stokes, J. H.
- Dewar, R. K.: Smallpox epidemic (case report) 629.
- Dickie, J. K. M.: Some aspects of nasal accessory sinus disease 1067.
- Dixon, H. A.: Study of fungi in diseases of the skin 1097.
- Dolan, H. S.: Varicose aneurysm, right axillary vessels (case report) 965.
- Eagles, G. H.: Bacteriology of scarlet fever 1080.
- Elliott, J. H.: Remarks on Dr. Gordon's paper 885. Silicosis in Ontario gold miners 930.
